Professional Summary

I am an Information Technology professional with over 8 years of overseas creativity and passionate experience with a high level of academic education based on my bachelor degree in computer science.

Determination to learn new technologies, proactive attitude, written and verbal communication are just some of my key strengths, which will make me a very competitive candidate.

Others key strengths that I possess include, but are not limited to, the following:

- My knowledge on life cycle development software.

- I am a self-starter, bilingual and an excellent team worker.

- Responsive web application design.

- My passion and ability to create apps and website solutions.

- Front End web experience.

- Always willing to learn and stay tune with the latest technologies.

- Knowledge of SEO, KPI's, SSRS and Google Analytics.

It would be great to have the opportunity that allow me to have a professional development and continue my career in this wonderful field.
