Professional Summary

I am a web designer and developer with over 8 years of overseas creativity and passionate experience with a high level of academic education based on my bachelor degree in computer science in Venezuela.

Determination to learn new technologies, proactive attitude, written and verbal communication are just some of my key strengths, which will make me a very competitive candidate.

Others key strengths that I possess include, but are not limited to, the following:

- My knowledge on life cycle development software.

- I am a self-starter and an excellent team worker.

- My exceptional design skills and attention to details.

- Solid understanding of advanced responsive web and mobile application design.

- My strong knowledge, passion and ability to build Front End solutions using HTML, CSS, JQuery, JavaScript UI Frameworks, Bootstrap, Angular.

- My knowledge on Back End programming. VS.NET: ASP.NET, C#.NET

- Always willing to learn and stay tune with the latest technologies.

I am looking for an excitement place to work, as a team worker I am willing to apply and share my passion, knowledge and skills with my colleagues. It would be great to have the opportunity that allow me to have a professional development and continue my career in this wonderful field.
